

GIANINA FLORES CAVERO EGUSQUIZA

Founder/Business Manager at Pasion y Chocolate

Gianina is an IVLP alumna from Peru who participated in the WeAmericas Program for Women Entrepreneurs in October 2019. Her program met with Copper Door Coffee Roasters, We Made This – African Community Center, Denver Metro Small Business Development Center, Colorado Women’s Chamber of Commerce, Capital Sisters International, Charley Co., Colorado Women’s Hall of Fame, and Ship Sunshine. They also enjoyed a Sunday evening WorldDinner with local families.

“I’m very glad to have been part of this journey and to have learned about respect and sharing. This experience gave me the opportunity to improve my business models focusing on the people who work for tomorrow with a responsible strategic business plan, dreamers who enhance their lives in the opportunity to create a great chance for others. Denver is an incredible place, with strong and kind people. Denver was the best part of my trip. It was my first time in the US and it was very nice to gain insight into the extraordinary mindset of Americans.”
